Dear UQ Sport Hiring Team,

I am writing to express my interest in the Warehouse Assistant position at your company. As a current Bachelor of Computer Science/Master of Data Science student at the University of Queensland, along with my background in customer service and problem-solving roles, I believe I would be an excellent addition to your team.

Throughout my professional experience at various customer-facing positions, I have developed strong communication skills and the ability to explain complex concepts in an approachable manner—a critical quality for providing effective team communication. At Apron Bar and Restaurant, I honed my ability to listen attentively to customer needs and deliver exceptional service under pressure. My experience at Brizzy's Market Flowers further strengthened my skills in communicating effectively with diverse clientele while managing inventory and technical systems.

My current studies at UQ place me onsite whenever best needed by yourselves and any other clients. Finally, my long history in both rowing and general gym activities allow me the physical capacity to lift any and all equipment as required by the job at hand.

I am excited about the opportunity to expand my communication skills and apply my knowledge and strength to an on campus facility. My combination of technical knowledge, customer service experience, and genuine enthusiasm for problem-solving makes me well-suited for this position.

Thank you for your consideration, and I look forward to discussing how I can contribute.

Kind regards,

Rio O'Dwyer
